

CONTENTS

01-06	Integrated Silicone Light Strip
07-08	Integrated double-sided luminous silicone light strip
09	Separate neon light
10	Integrated Colorful Series
11-17	Planar Luminescence Series

18-19	COB Integrated Extrusion Series
20-26	Integrated Line Lamp Series
27	No-soldering Linear Light Series
28-32	Silicone tube
33	Cover plate series
34	Wired Edge Series No need to wear without edges
35	270°/360° series Three sided luminous series

Integrated Silicone Light Strip 06*12

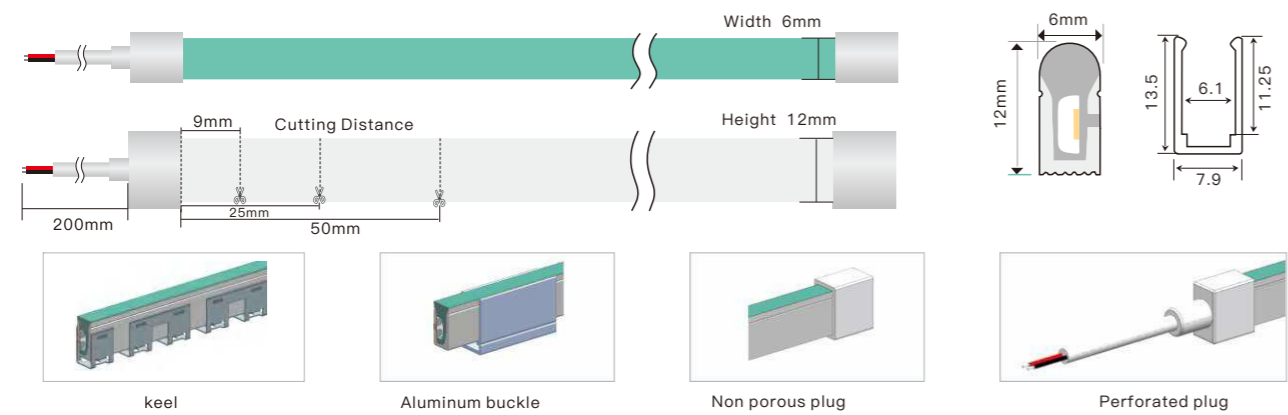

Product Features:

-
-
- Made of pure silicone material, safe and environmentally friendly.
- The light emission is uniform, and the light transmittance is high. It has strong flexibility and can be bent arbitrarily.
- It has good protection performance, is corrosion-resistant, flame-retardant, and is not afraid of humid environments.
-
-

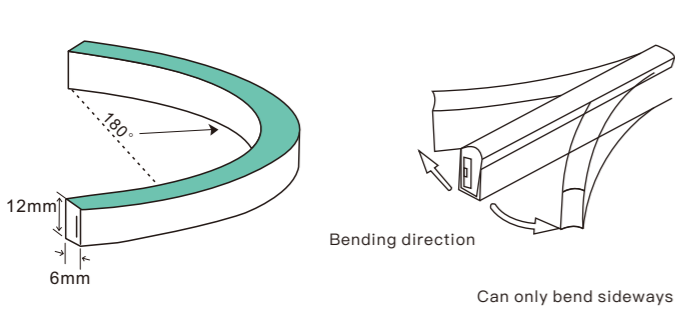

Dimensions

Argument

Product Model	LED Qty	PCB	CRI	Shear line	Luminous Angle	Voltage	Power	Color temperature	Color	Rainproof Grade

Integrated Silicone Light Strip MG-6*13mm/SS-7*13mm

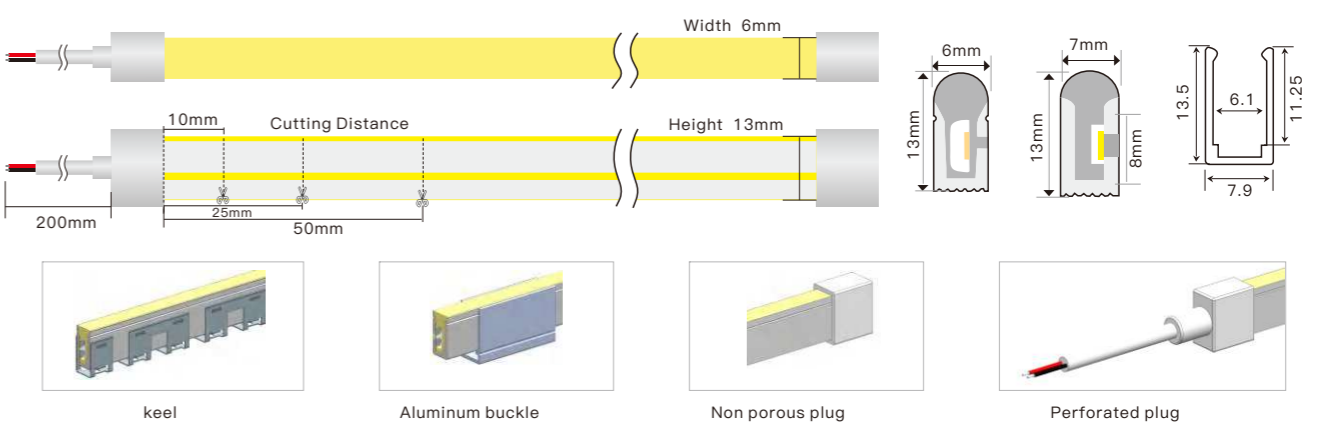

Product Features:

-
-
- Made of pure silicone material, safe and environmentally friendly.
- The light emission is uniform, and the light transmittance is high. It has strong flexibility and can be bent arbitrarily.
- It has good protection performance, is corrosion-resistant, flame-retardant, and is not afraid of humid environments.
-
-

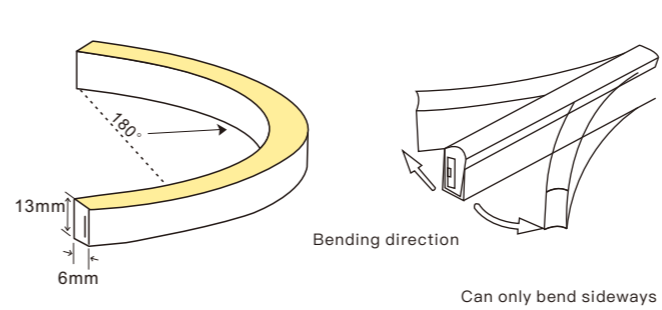

Dimensions

Argument

Product Model	LED Qty	PCB	CRI	Shear line	Luminous Angle	Voltage	Power	Color temperature	Color	Rainproof Grade

Integrated Silicone Light Strip MG-4*10mm

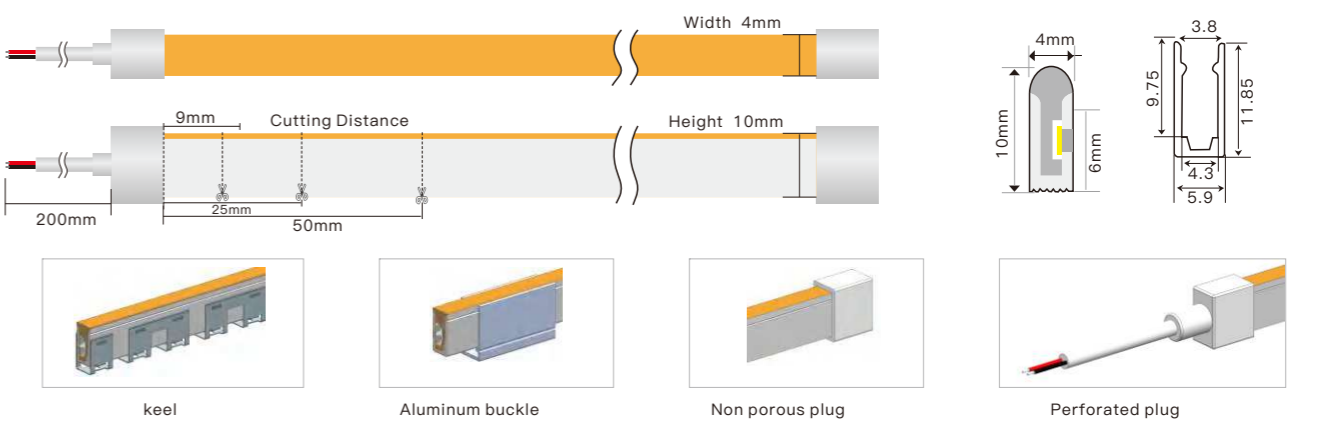

Product Features:

-
-
- Made of pure silicone material, safe and environmentally friendly.
- The light emission is uniform, and the light transmittance is high. It has strong flexibility and can be bent arbitrarily.
- It has good protection performance, is corrosion-resistant, flame-retardant, and is not afraid of humid environments.
-
-

参数/Argument

产品型号 Product Model	灯珠数量 LED Qty	板宽 PCB	显指 CRI	剪切线 Shear line	发光角度 Luminous Angle	电压 Voltage	功率 Power	色温 Color temperature	颜色 Color	防雨级别 Rainproof Grade
MG-P20*20mm	120D	8mm 10mm	≥80-95	2.5cm/5cm	120°	12V/24V	6-12W/m	3000K/4000K 6500K/10000K	红/黄/柠檬黄/绿/蓝/冰蓝/粉/浅粉/ 橙色/紫色/马尔斯绿 Red/yellow/lemon/yellow/green blue/ice blue/light pink/orange/ purple/mars green	IP65

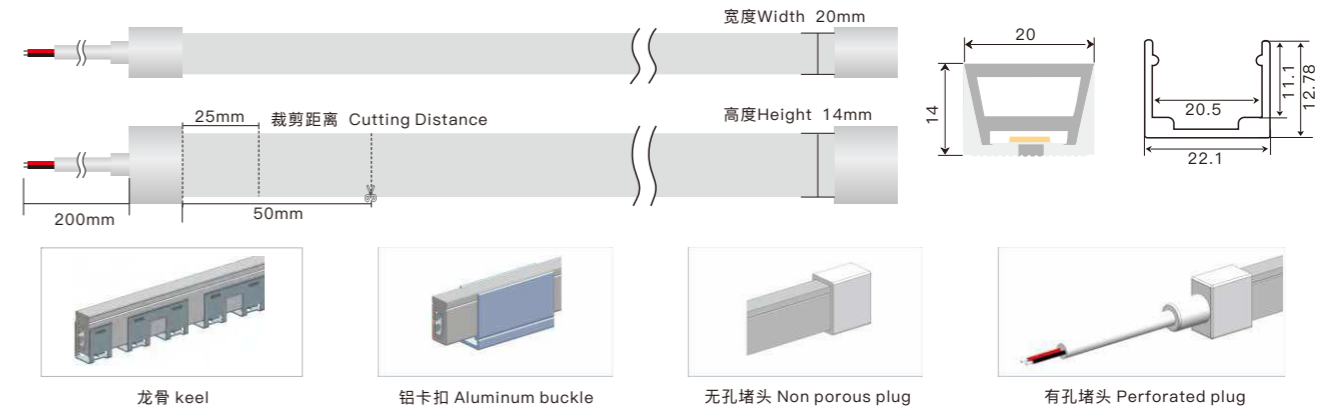

产品特点/Product Features:

- 纯硅胶材质，安全环保
- 发光均匀，透光度高
- 柔韧性强，任意弯曲
- 防护性能好、耐腐蚀、抗阻燃、无惧潮湿环境
- Made of pure silicone material, safe and environmentally friendly.
- The light emission is uniform, and the light transmittance is high.
- It has strong flexibility and can be bent arbitrarily.
- It has good protection performance, is corrosion-resistant, flame-retardant, and is not afraid of humid environments.
